

NASTRO-SB™ M5-M6-M8

The Next Benchmark

SEMI-AUTOMATIC CASE SEALER

100%
MADE in ITALY

NASTRO-SB™ - M5 - M6 - M8

Nastro-SB™ - M is a range of semi-automatic heavy duty case sealing machines engineered by SIAT specifically for small, medium, large and king fixed box sizes. Nastro-SB™ is the ideal case sealing machine for a variety of industries like food & beverage, chemical, clothes and wine.

SPECIFICATIONS

Max Production Capacity: 1200 boxes/hour

Case type: RSC - FEFCO 0201

Max case weight: 32 kg

Box dimensions	L (mm)	W (mm)	H (mm)
M5-S	150 - ∞	150 - 500	120 - 500
M5-L	150 - ∞	105 - 500	50 - 500
M6-S	150 - ∞	150 - 650	120 - 650
M6-L	150 - ∞	105 - 650	50 - 650
M8	150 - ∞	150 - 800	120 - 800

KEY FEATURES

- » Lockable power switch
- » Central (M5) or double side (M6-M8) emergency button
- » Removable heads without tools
- » 75 mm high belt conveyor
- » Easy to replace belt without removing the conveyor
- » 50 mm minimum box height (with L version)
- » Heavy duty column assembly
- » Heavy duty belt conveyor assembly
- » Lockable on/off motors switch
- » Top and bottom taping head removable without tools

ENERGY SAVING VERSION

Motors and conveyors stop after a defined time when no cartons are detected

The SIAT Group

Headquartered in Northern Italy, SIAT is established as a quality leader in end-of-line industrial packaging solutions, specializing in taping, strapping and wrapping machines, as well as flexographic printing machines.

Based in Ohio (USA), Combi is a Northern American producer of industrial packaging systems, engineering and manufacturing case erectors, tray formers, case sealers, case packers, robotic packaging systems, and ergonomic monoblock hand-packing stations.

Located in Northern Italy, Tam has been producing small metal parts and providing precision machining services for over 30 years.

For over 50 years, we have been manufacturing high-tech equipment and are proud to be recognized by our customers as among the leading brands in packaging machinery and components. Our solutions are utilized across various industries, including food and beverage, e-commerce, logistics, packaging, and consumer products.

Our machines are designed to:

Increase customer productivity

Our machines boast an average life of 25 years, while our customers pay off their investment in only 4 to 5 months.

Total lower cost of ownership

Our machines are designed for easy maintenance and simple installation. They are developed to be user-friendly and durable, while also being easy to integrate and manage.

Reduce environmental impact

We strongly believe in pursuing this goal through our environmental approach, envisioning the future of packaging as a collaborative effort with our customers to find the most sustainable and secure solutions. Each machine is designed to consume less energy, minimize material usage, and reduce waste.

Be connected

Thanks to Optirun, the SIAT Group's IoT solutions brand, we can calculate tape and box consumption, monitor film usage, and track all machine parameters to prevent downtime.
